Major wins for Hong Kong firm at International Property Awards

In December 2015, Alexander Wong Architects was awarded two Best International Design awards at the International Property Awards Summit in London. Receiving four awards in total, the firm won Best Interior Design Show Home and Best Retail Interior in the Asia-Pacific category before taking top honours for both in the international fields.

"This collection of honours is a confirmation of our design team in understanding our clients' culture, providing innovation, excitement and glamour without sacrificing functional fulfillments," said Alexander Wong, director and founder of the firm.

The International Property Awards is the largest competition of its type in the world and covers the regions of Africa, Asia-Pacific, Arabia, Canada, the Caribbean, Central and South America, Europe, the UK and the USA.
